### Background on QEW

Quaker Earthcare Witness (QEW) is a spiritually-centered movement of Quakers and like-minded people seeking ways to integrate concern for the environment with Friends' long-standing testimonies for simplicity, integrity, peace, and equality. The QEW Vision and Witness states:

**WE ARE CALLED** to live in right relationship with all Creation, recognizing that the entire world is interconnected and is a manifestation of God.

**WE WORK** to integrate into the beliefs and practices of the Religious Society of Friends the Truth that God's Creation is to be respected, protected, and held in reverence in its own right, and the Truth that human aspirations for peace and justice depend upon restoring the earth's ecological integrity.

**WE PROMOTE** these Truths by being patterns and examples, by communicating our message, and by providing spiritual and material support to those engaged in the compelling task of transforming our relationship to the earth.
